

# Which company makes the best 250kW IP65 battery cabinet for Avaru

## Overview

---

LG Electronics Energy Storage Systems are manufactured and tested in South Korea, one of the world's leading technological hubs for innovation and excellence. Like all LG products, LG Electronics solutions are engineered and designed to the highest industry standards of performance. Battery energy storage systems (BESSs) play an important part in creating a compelling next-generation electrical infrastructure that encompasses microgrids, distributed energy resources (DERs), DC fast charging, Buildings as a Grid and backup power free of fossil fuels for buildings and data. This 250kW all-in-one containerized energy storage system integrates lithium batteries, inverter, and smart energy management in a 20FT container for easy installation, transportation, and stable operation. A complete mid-node battery energy storage system (BESS) with everything you need included in one container - Our 250 kW/575 kWh battery solutions are used across a wide variety of sectors to increase flexibility, reduce emissions, and control costs. BESS is a fast way to move away from excessive. Scalable from Kw to multi-MW, the BlueRack™ 250 battery cabinet is a safe, high-powered solution you can count on.
